## **Venue:**

Resonanzwerk is located in Oberhausen, North Rhine-Westphalia.

Oberhausen is in the center of North Rhine-Westphalia and can be easily reached from cities like Essen, Dortmund, Düsseldorf, Bochum and the Netherlands.

## **You can divide Resonanzwerk into 5 areas:**

**1: foyer:** bar, entrance, public toilets, wardrobe and second floor (seats and tables)

**2: outdoor area:** additional toilets, roofed smoking area

**3: main hall + gallery (2. floor):** stage: 9x4 meters, merchandise, FOH ...

**4: backstage:** 3 rooms, shower/toilet, backstage load-in possible

**5: FOH room:** is placed at the end of the main hall, upstairs. Here we generally have our light and sound desks. Resonanzwerk has special acoustic treatment, so it's possible to mix the show from there. Also it's possible to control the mixing desk with an ipad – so it's easy to go down and check the sound there. But if the external technicians like to have the FOH downstairs in the main hall, it's not a problem.

In the past, we started in 2013, we did various concerts from many different music styles. Just to name some artists: Jan Amman, Watain, Rotterdam Terror Corpse, Orgy 69, Comeback Kid, Dog Eat Dog, Jaya The Cat, Fler, Demented Are Go, Bernhard Brink, Thundermother and so on.
